

✓ 1827

TO THE PUBLIC.

As attempts have been made to throw doubt upon the validity of the degrees of the Rutgers' Medical Faculty of Geneva College, it is deemed sufficient to submit to the public the following opinion of eminent counsel :—

DAVID HOSACK, M. D.

President of the Faculty.

NEW-YORK, Nov. 3d 1827.

We have deliberately examined the charter of Geneva College and the act relating to the different Colleges in this State, and have no hesitation in saying that Diplomas granted by Geneva College to those who shall study Medicine with Rutgers Medical Faculty of that College are good, effectual, and valid to every purpose for which a Medical degree is legally requisite, and equally so as that of any Medical College in this State.

**THOMAS ADDIS EMMET,
JOSIAH OGDEN HOFFMAN.**

To the Honorable Legislature,
relating to the validity of all
deposits conferred by the
Faculty.] Nov. 3, 1827
